Industrial Meet 28-03-2019 & 29-03-2019

Objective : To explore and identify common avenues of interaction with industries to fulfill the urgent need to prepare engineering students for jobs in various industries, by exposing them to newer technologies and engineering methodologies.

Scope : All the institutions covered under the Project will form Industry-Institution-Interaction Cell (IIIC) to establish purposeful interaction between industry and institution.

Strategy : IIIC will be responsible for designing the roadmap for interaction with industry recognizing the inherent strengths as well as the weaknesses of the institution. Thus, it will be a unique and localized industry-institute-interaction development roadmap for the institutions. The industry interaction for envisioned institutional roadmap will be facilitated by Industry Institute Partner Promotion Cell (IIPPC) established at SPFU of the respective States.
