4. ABOUT INSTITUTE

Government Engineering College Raipur was established in 2006 as a centre for imparting quality Engineering Education in Chhattisgarh. It is affiliated to Chhattisgarh Swami Vivekananda Technical University Bhilai and recognized by AICTE, New Delhi. The college is functioning in a large unified academic campus, having sound and self-sufficient infrastructure. This institute has been engaged in nurturing minds through a rich heritage of academic excellence. Essentially a hub of bustling student activities, the beautiful campus has been a second-home to thousands of students in their journey to challenge the times.

The main objective of the institute is to coordinate, supervise, regulate, guide and provide leadership in all aspects of technological and engineering education and to provide economical and quality education to the aspirants. The vision of the institute is to provide excellence in Technical Education and meet the growing demands of industries in the current scenario as well as to inculcate the spirit of Self reliance and employability among the students thereby benefitting the society.

College imparts education in degree courses of branches of Civil Engineering, Mechanical Engineering, Computer Science Engineering, Electrical and Electronics Engineering, and Electronics and Telecommunications Engineering. It also focuses on encouraging and nourishing skills and overall personality development of students for which various clubs have been formed at college such as AVESH Club, SAE Club, CODE Club, E-CELL Club and LOK Club under START UP CELL. It is well equipped with modern Labs, workshops, Smart Classes, e-library, Wi-Fi facility and splendid auditorium. The college offers a multicultural learning environment with the mesmerizing beauty and atmosphere for education, shaping the dreams of students into reality.

6. ABOUT Chhattisgarh Swami Vivekananda Technical University (CSVТУ) (Affiliating University)

Chhattisgarh Swami Vivekananda Technical University (CSVТУ) is the affiliating university of Government Engineering College Raipur. It was established by an act (No. 25 of 2004) of legislature passed by the Chhattisgarh State Govt. Assembly vide notification no. 639/21-A/Praroopan/04 dt 21st January 2005 to incorporate a University and Technology for the purpose of ensuring systematic, efficient and quality education in engineering and technological subjects including Architecture and Pharmacy at Research, Post graduate, Degree and Diploma level.

The University since its inception in the year 2005 is striving hard to emerge as one of the nations prominent Universities to fulfill its commitment to the service of state and nation. It was inaugurated on 30th April 2005. The University without waiting for full fledged infrastructure development started identifying the frontier area of research and development and outreach programmes for the benefit of the society. With this approach several academic programmes, seminars, workshops and conferences have been conducted by the University.

In order to improve the standards of the education and enable the students to acquire the knowledge and skills required in the professional world the scheme of teaching, learning and syllabus was designed and implemented by way of brainstorming session, taskforce, group working and workshops on Redefining the Technical Education. The efforts have been widely appreciated and the University has earned distinction of introducing soft skills as a part of the curriculum. The courses include communication skills, group discussion, human values education, health hygiene and yoga, personality development, entrepreneurship and project based learning.

The permanent campus of the University encircles 250 acres of land in the vicinity of Bhilai township considered to be one of the most eminent education hubs in India. The formalities of acquisition of land have been completed and construction of the University building and related facilities are in progress. The construction of University Administrative building is complete.

Presently under University following are affiliated

11. INSTITUTE INFRASTRUCTURE

11.1 LIBRARY

Government Engineering College Raipur Library was established in the year 2006 and is well equipped with computerized circulation counter for issue, return and renewal of issue of books. The following table shows the total library collection:

TOTAL LIBRARY COLLECTION

S.NO.	CONTENT	QUANTITY
1	Total No. of Book (Volume)	52,410
2	Total Titles of Books	2600
3	No. of Journal Title	32
4	E-Books Title	500
5	No. of Newspapers types	07
6	No. of Magazines types	08
7	No. of Text Books	52,000
8	No. of Reference	410

- Library has subscription to INFLIBNET (Information and Library Network) through NLIST (National Library and Information Services Infrastructure for Scholarly Content) Programme.
- KOHA Library software is available as an advanced library facility.
- The college Library has Open Access System and is well air conditioned having Wi-Fi and LAN connectivity.
- It also is equipped with UPS so that students and faculty members can avail uninterrupted Library facility.

11.2 COMPUTER CENTRE

A computer centre well furnished with 23 computer systems with server is available at the library of the college, with uninterrupted internet facility through LAN and Wi-Fi, so that student could access Internet resource materials with a click of mouse and utilize the computer centre to their best.

11.3 RESIDENTIAL FEATURES

College has best Residential facilities consisting of 05 types of quarters

Type of qtr	Total no.	No. Of quarter allotted to faculty		No. Of quarter allotted to staff	No. Of quarter allotted to students	Vacant
D - TYPE	2	D1 (Guest House)	D2 Temporary allotted to NPIU Faculty	0	0	0
F- TYPE	8	4		1 (Finance Officer)	3	
G-TYPE	4	0		4	0	0
H-TYPE	24	6 (Temporary allotted to NPIU)		0	18 (Temporary Hostel)	0
I- TYPE	16	0		10 + (1 allotted to PWD)	0	5
	54					

11.4 HOSTELS

03 F-type quarters and 18 H-type quarters have been issued to Students as temporary hostels. Apart from it, 20 SC/ST Hostel quarters are under construction and will be allotted soon to the SC/ST students.

11.5 OTHER FACILITIES

- Optimum use of Technology with use of latest SMART boards and projectors in each classroom.
- Well stocked Digital and Online-Offline Library of the State of the Art Technology in Administrative Block-A
- Well Equipped Laboratories and Workshops with advanced instruments and machines and software of respective departments for practical learning
- 30+2 sitting latest Communication lab to impart Communication Skill Knowledge.
- The college has playground within its campus and a well maintained recreational garden adjoining the college premises.
- Well stocked Digital and Online-Offline Library of the State of the Art Technology in Administrative Block-A
- Safe and secure building with security Guards , CCTV Cameras, Hi Tech Access Systems and Building Management System.
- Earthquake resistant structure, full time Power Backup, Latest fire lighting equipments, Smoke detectors, Digital Sound Broadcast Systems.
- Full fledged Canteen facility serving healthy and nutritive food to students.
- Thoroughly planned, age appropriate class rooms with imported furniture.
- Community area on each floor for students to unwind.
- Separate hygienic toilets for girls and boys with filtered drinking water facility.
- Full time housekeeping staff to ensure cleanliness and hygiene within the campus.

12. DEPARTMENTS PROFILE WITH INFRASTRUCTURE AND FACILITIES

12.1 MECHANICAL

- **Vision of the Mechanical Engineering Department**

Engineering the future of Chhattisgarh State by transforming the students to skilled Mechanical Engineers, innovative leaders and environmentally receptive citizens.

- **Mission of the Mechanical Engineering Department**

1. To impart knowledge of subject domain in the field of Mechanical Engineering.
2. To work with various practical experimental set up in the field of Mechanical Engineering.
3. To excel in the field of various soft skills required as a Mechanical Engineer.
4. To gain practical experience on the latest tools being used by the Industries.
5. To develop students with knowledge, attitude and skill of employability, entrepreneurship and professionally ethical citizens.

- **Program Curriculum**

Mechanical Engineering programme curriculum is as per the scheme and syllabus of affiliated university (CSVTU Bhilai). In general, curriculum maintains the balance in the composition of Basic Science & Engineering, Humanities, Professional Courses and their distribution in core and electives along with seminars & project works.

12.2 CIVIL

Department's profile with infrastructure and facilities

- **Vision of the Civil Engineering Department**

To excel in imparting quality technical education with a focus on excellence and innovation to cater the need of the nation.

- **Mission of the Civil Engineering Department**

1. To impart quality education in a holistic manner by contributing technical education with intellectually, spiritually, physically and socially development of the counter and excel in various disciplines of knowledge.
2. To create a research-oriented teaching-learning environment in the institute with a focus on excellence and innovation.
3. To create an inclusive growth path committed to the uplift of the societies with technical support.
4. To create increased global presence.

- **Program Curriculum**

Civil Engineering programme curriculum is as per the scheme and syllabus of affiliated university (CSVTU Bhilai). In general, curriculum maintains the balance in the composition of Basic Science & Engineering, Humanities, Professional Courses and their distribution in core and electives along with seminars & project works.

12.3 COMPUTER SCIENCE ENGINEERING

Department's profile with infrastructure and facilities

Vision of the Computer Science Engineering Department:

To contribute to the society by empowering the students to be technology adept, innovative, self-motivated and responsible professionals possessing human values committed to build a vibrant nation.

Mission of the Computer Science Engineering Department:

Provide quality education in both the theoretical and applied foundations of computer science and train students to effectively implement their knowledge to solve complex technological problems of modern society and groom them with the quality of leadership skill with professionalism to give a competitive advantage in the challenging global work environment.

Program Curriculum:

Computer Science Engineering programme curriculum is as per the scheme and syllabus of affiliated university (CSVТУ Bhilai). In general, curriculum maintains the balance in the composition of Basic Science & Engineering, Humanities, Professional Courses and their distribution in core and electives along with seminars & project work.

Additional facilities created for improving the quality of learning experience in the class rooms & laboratories:

Sr. No.	Facility Name	Details	Reason for creating facility	Utilization	Areas in which students are expected to have enhanced learning
1	Smart Class Rooms	All class rooms are fully equipped with the smart boards and projectors connected with the desktop	In Smart classes, we use all interactive modules like videos/ presentations and these visually attractive methods of teaching becomes appealing to students who are already struggling with the traditional method of teaching in a Classroom.	Teaching	Better teaching learning experience
2	Overhead Projector	Workshop and Computer Lab is equipped with the projector.	For better visualization and better understanding of the jobs.	Teaching learning	Teaching learning activities
3	NPTEL and other educational Videos	Played in the classrooms for better understanding of the concepts	Video oriented teaching	Throughout semester	Enhanced teaching learning In depth knowledge beyond syllabus

4	Internet and Wi-Fi facility	100 Mbps high speed internet connectivity by the National Knowledge Network(NKN)	For internet connectivity	Throughout semester	Online resources e.g. NPTEL, Video lectures, SwayamPrabha, research papers can be accessed

12.4 ELECTRICAL AND ELECTRONICS ENGINEERING

• Vision of the Electrical and Electronics Engineering Department

To impart knowledge in the field of electrical and electronics engineering and to produce competent engineers in this field.

• Mission of the Electrical and Electronics Engineering Department

5. To provide quality education through dedicated teaching, innovative ideas and smart learning processes thereby creating an ambience where excellence flourishes.
6. To create a platform for research oriented activities with the help of industrial collaborations.
7. To create graduates who can face the challenges in electrical and electronics engineering by being updated with the present technology and contribute towards societal development.
8. To impart strong professional ethics to the students

• Program Curriculum

Electrical and Electronics Engineering programme curriculum is as per the scheme and syllabus of affiliated university (CSVТУ Bhilai). In general, curriculum maintains the balance in the composition of Basic Science & Engineering, Humanities, Professional Courses and their distribution in core and electives along with seminars & project works.

12.5 ELECTRONICS AND TELECOMMUNICATION ENGINEERING

• Vision of the Electronics & Telecommunication Engineering Department

To develop proficient Electronics and Telecommunication engineer capable of providing solutions to industry, thereby contributing to individual and society.

• Mission of the Electronics & Telecommunication Engineering Department

M1: To implement novel educational experiences in the field of Electronics and Telecommunication.

M2: To develop community through service, consultancy and research activities.

M3: To promote interdisciplinary learning and industry interaction.

M4: To promote professional ethics and entrepreneur skills in students.

12.6 BASIC SCIENCES AND HUMANITIES

Vision of the Basic Sciences & Humanities Department

To establish a centre of excellence in Basic Sciences such as Chemistry, Physics and Mathematics that provide the foundation for engineering studies and also in communication skills that helps students to learn the application of communication in professional field more effectively and to create proficient engineers with analytical, designing, creative and good communication abilities.

Mission of the Basic Sciences & Humanities Engineering Department

To achieve excellence in education, institute-industry relation in the basic sciences for the sustainable development and benefit of society.

Program Curriculum

Basic Sciences & Humanities department programme curriculum is as per the scheme and syllabus of affiliated university (CSVТУ Bhilai). In general, curriculum maintains the balance in the composition of Basic Science & Engineering, Humanities, Professional Courses.

LIST OF FACULTY MEMBERS

S.NO.	NAME	DESIGNATION	QUALIFICATION	SPECIALIZATION/ AREA OF INTEREST
FACULTY MEMBERS APPLIED CHEMISTRY				
1	Dr. Shweta Choubey	Professor & Head of Dept. of Basic Sciences	<i>M. Sc. (Physical Chemistry) PhD Applied Chemistry</i>	Physical Chemistry, Environmental Chemistry, Bioremediation, Metal Toxic, Solid waste management
2	Dr. Vikas Kumar Jain	Associate Professor	<i>M.Sc., Ph.D., NET (CSIR-JRF, SRF)</i>	Inorganic Chemistry
3	Dr. Rachna Rastogi	Assistant Professor	<i>M.Sc., Ph.D., JRF, SRF, CSIR</i>	Organic Chemistry, Homogenous Catalysis
4	Mr. Prashant Sahu	Assistant Professor	<i>M.Sc., CSIR NET – JRF (Chemical Science), SET (Chemistry)</i>	
5	Mr. Danuj Kumar Markam	Assistant Professor	<i>M. Sc. SET (Chemistry)</i>	
6		Assistant	<i>M.Sc.,</i>	Physical Chemistry

	Ms Shashibala Kindo	Professor	<i>M. Phil., SET (Chemistry)</i>	
7	Ms Vandana Jangade	Assistant Professor	<i>M. Sc. SET (Chemistry)</i>	
FACULTY MEMBERS APPLIED PHYSICS				
8	Dr Awanish Kumar Upadhyay	Associate Professor	<i>M. Sc. Ph. D.</i>	
9	Mr. Ganesh Ram Banjare	Assistant Professor	<i>M.Sc. M.Phil NET</i>	
10	Mr. Vineet Kumar Shukla	Assistant Professor	<i>M.Sc., CSIR NET – JRF (Physical Science), SET (Physics)</i>	
FACULTY MEMBERS APPLIED MATHEMATICS				
11	Dr Shailesh Dhar Diwan	Associate Professor	<i>M. Sc. Ph. D.</i>	
12	Mr. Anil Khatri	Assistant Professor	<i>M. Sc.</i>	
13	Mr. Nohar Kumar Dhiwar	Assistant Professor	<i>M.Sc. NET</i>	
14	Mrs. Hemlata Bhar	Assistant Professor	<i>M.Sc. M.Phil. (Mathematics) SET</i>	
FACULTY MEMBERS DEPARTMENT OF HUMANITIES				
15	Dr Anil Manjhi	Assistant Professor	<i>Ph.D. M.A.English (Gold Medalist), CGSET, NET, NET+JRF B.Sc (Gold Medalist)</i>	American Literature, Psychoanalytical Literary Criticism, Literary Theories, Gender Studies
16	Ashok Kumar Yadav	Assistant Professor	<i>M.A.English, CGSET</i>	Indian Writing in English, British Literature
17	Archana Singh Deo	Assistant Professor	<i>M.A.English, CGSET</i>	

LIST OF STAFF MEMBERS

S.NO.	NAME	DESIGNATION
1	Mr. Umendra Yadav	Lab Instructor
2	Mr. Dhansingh Marko	Lab Instructor

5	Mr. Lalit Sahu	Peon

LIST OF FACILITIES

Department of Chemistry

Chemistry Department has facilities for conducting micro analytical work, chemical investigation of Engineering materials including analysis of ores and alloys. Instruments like,

- Weight Box
- Burette stand
- Bomb Calorimeter
- Hot plate
- C O D Apparatus
- Digital B.O.D. Incubator
- Digital Spectrophotometer
- ESICO Water & Soil Analysis
- Electric Oven
- Kjeldahal's Apparatus
- Muffle Furnace
- Magnetic Stirrer
- Multi Tub Shaker
- Conductivity meter
- Deionizer Digital
- D. O. meter
- Physical Balance
- PH meter
- Potentio meter
- Pensky Marten's Flash & Fire Point apparatus
- Red wood viscometer No 1

- Red wood viscometer No 2
- Single pan Balance
- Electric Water Bath
- Weight Box
- Burette stand
- Bomb Calorimeter
- Computer Se
- Fire extinguisher

are used to impart knowledge on instrumentation in analytical work. The research interest of the faculty deals with theoretical aspects of electrochemistry, study of phase transitions in adsorbed systems, nano materials for solar cells, study of drugs and recent advances in chemical biology.

Department of Physics

The Physics Department has a well equipped laboratory. Separate sections are maintained for Optical, Electricity & Magnetism and Sound experiments. Low power He-Ne laser is available for diffraction experiments. Research Optical Bench is available for conducting interference experiments. The department is upgraded with the following apparatus

- AC mains frequency by Sonometer
- e/m by Thomson Method
- Newton's ring method
- Screw gauge
- Vernier calipers
- Fiber Optics Complete Kit
- Plank Constant Complete
- Forbidden Energy Band Gap
- Muffle Furnace
- Magnetic Stirrer with Hot Plate
- Magnetic Compass
- Grating
- Study of Hall Effect Setup

Department of Applied Mathematics

This department has well experienced faculty members having detailed knowledge in the domain of Differential Equation, Partial Differential Equation and its applications in Engineering, Integral Calculus, Laplace Transformation, Numerical Analysis, Theory of Equation, Complex Numbers which is used in the application part of the students in their future respective branches and helps in developing problem solving skill.

Department of Humanities

A well equipped language lab has been established with 30+2 seating arrangement and updated communication skills software for the students to enhance their communications competencies, linguistic proficiency through fineness and perfection in English grammar, pronunciation and vocabulary as well.

A VISIT TO GOVERNMENT COLLEGE OF ENGINEERING, SALEM FROM 12TH MARCH TO 17TH MARCH 2019

The group of 21 students and 3 Faculties from Mechanical Engineering Department of Government Engineering College, Raipur visited Government College of Engineering, Salem from 12th March to 17th March 2019. The group was the mixture of students from final, pre-final and second year. Both faculty members and students benefited from above academic tour.

A. Academic benefit for students

1. **Participation in Tech Fest (Mekchat 19.0) at GCE Salem:** All the students took part in various event and many of them also secured winning position leaving a good mark and showing the capabilities of student of GEC, Raipur. The list of events was different than the events being organized at GEC Raipur, which leads to getting knowledge of other events, which can be organized at GEC Raipur.
2. **Cultural benefits:** In Inauguration of Mekchat 19.0 students observed the culture of South India which seems to be very adaptable and not only this, it also provides a learning experience that students can work in South India without any language barrier and other problems. Students got chance to taste South Indian cuisine which makes them more aware about South Indian fooding culture.
3. **Workshop on CNC:** - On 14th March 2019 during Mekchat students got a chance to know about CNC (Computer Numeric Control) through one-day workshop. CNC which are now used in all Industries and the future of machining. CNC which means that operating a machine tool by a series of coded instruction consisting of numbers, letters of alphabets and symbols which the machine can understand. During 1st half the basics terminology used in CNC was discussed and on 2nd half actual working of CNC was demonstrated. The instructor taught about CNC milling and CNC lathe. At the end of day, all were aware about modern technologies such as CNC which are now replacing conventional machines.
4. **Industrial Visit:** - On 15th March 2019, students visited Aero Park, Salem which was really interesting because all got chance to see the parts of various airplanes, helicopters and missiles not only this but also observed the manufacturing process of parts. Aerospace park also showed the use of Modern and Industrial CNC in manufacturing line. This visit was very unique and liked by all students.
5. **Workshop on RC Drone:** - On 2nd half of 15th March 2019 after industrial visit all attended workshop on RC Drone which was another interesting part as students got to know about

Drones. Drones are something which is going to be future of Unmanned Aerial Vehicle (UAV). The workshop was taken by student of 2nd year, all were astonished and was surprised by his knowledge. At the end of day, students also assembled parts and flew the Drone.

6. **Workshop On NLP:** - On 2nd last day of our visit students had another workshop on Neuro-Linguistics Programming (NLP) which means that to study and to know about how the brains works, how people think, feel, learn, motivate themselves, interact with others, make choices and achieve realistic goals. The ultimate goal of NLP is to create awareness. These workshop energises us by giving various powerful invisible keys for improving the capabilities. NLP was very different and most of them were not aware of this kind of things. It was so good that all want this session to be organised for other students of our college.
7. **Labs Visit:** - During their stay in GCE, Salem students visited various labs. All the labs were well equipped and maintained. Although labs of GEC, Raipur are also good but needed to be more equipped with few instruments' like cooling test room, Solar testing and etc.
8. **City visit:** - On last day of visit students went to Yercaud Hill, which was about 25km from Salem and at the elevation of about 4970 feet above sea level. The places were really beautiful as the hill has lots of trees which make it colder than ground. They all visited various view points and enjoyed boating also. The visit ended with some joy and along with that lots of knowledge, experience, motivation and memories.
9. **Achievements of students:** -Students secure winning position in events like Measuring Master, Tech War and Treasure Hunt along with that some students secure runner up position in events like Tech War and Business Model which boost the confidence of students.
10. **Hospitality:** - Overall right from 12th March to 17th March the hospitality provided by GCE, Salem was very comfortable and more than sufficient. Principal Madam, HOD sir and other faculty were reachable and helpful. The student Coordinator was very good and helpful nature.

B. Academic benefits for faculty members

1. Faculty members visited many of the labs of the department. In the lab visit they mainly focus on the Lab Utilization register, lab manuals, and lab records of the students and performance of the experiment during the class. They also get to know that GCE, Salem has good number of technical staff in each lab, which provides a good environment for the smooth conduction of the experiment.

Lab visit by faculty members

2. Faculty members also seen the teaching-learning process adopted by the department, to get some insight about NBA, that includes:
 - (a) Syllabus of each semester
 - (b) Visit of class rooms
 - (c) Department Vision, Mission, POs and PSOs
 - (d) COs of some core subjects
 - (e) Process of conduction of Class Tests and End Semester Examination.
 - (f) Process of Evaluation of students.

3. A one-day workshop on CNC machines was conducted by the department. This workshop is really very much beneficial for the participants. Also the hand-outs and study material provided during the workshop was very much concise and useful. Theoretical knowledge without practical is of no use & hence this was followed by the hand on the machine in the second half of the day. We are very much grateful to GCE, Salem to allow us to use their resources for learning and understanding.

4. Third day starts with the industrial visit by students along with the faculty at the Aero Park Salem. This was a complete different experience for the students along with faculty members to visit such a renowned and state of the art industry. Again faculty members are much grateful to the Principal GCE, Salem along with the management team of the Aero parksalem to making this happen. Faculty members along with the students learned a lot about different equipment used in defence, their working, manufacturing and plant design standards. These things generally learned in books, but after this visit they came to know how these things actually work, processed and produced. They also came to know that this plant has achieved remarkable standards in the past and won many prizes from GOI and others, and in the path of continuing the same. This gives glimpses of the defence industries & their standards. Some students even show interests to work in this field in the future. Faculty along with students also have seen industrial use of CNC machines during this industrial visit after attending the one-day workshop on CNC machines conducted by Department of Mechanical Engineering GCE Salem.

37. CONCLUSIONS

The College “Annual Report-2018-19” is a brief glimpse of the activities of the College. It highlights the successes and achievements of the College Students. Annual Report widens the knowledge and helps studying the progress made by the college. Many milestones have been achieved and many more to be crossed across. We at GEC Raipur will continue our unceasing efforts to mould the young minds into eminent Engineers, citizen and ultimately a good human being.

This report is a sincere endeavour to display our progress in terms of achievements and activities during the year. In words of Martin Luther King Jr. **“The function of Education is to teach one to think intensively and to think critically. Intelligence plus character- that is the true goal of education”**

We have a great mission ahead and it is to facilitate our students learn the right thing and enable them to manifest what they have meant . This manifestation of perfection is possible if our minds and hearts are united in achieving the goal we have set. We would like to conclude by quoting our College motto:-

“लोक हिताय”, for “The Welfare of the People”
